*Abstract:* A list of recent publications is presented on Papuan insects, not mentioned before in SUGAPA.

*Ikhtisar:* Daftar publikasi baru mengenai serangga di Papua disajikan, yang belum dapat perhatian di SUGAPA.

*Keywords:* Coleoptera, Lepidoptera, Phasmida, Odonata, Orthoptera, New Guinea.

### Introduction

Suara Serangga Papua will try to contribute information on Papuan insects as complete as possible. Recent publications which was not paid attention to in SUGAPA before are listed here, alphabetically on author per ordo. A main part of the publications are found in the books "Biodiversity, biogeography and nature conservation IN WALLACEA and NEW GUINEA" by Dmitry Telnov (executive editor) Vol. I (2011) and Vol. II (2014). However, with this list of publications we do not have the intention to be complete.

### COLEOPTERA
